AMENDMENT UNDER 37 C.F.R. 1.114

I. INTRODUCTION

This is in response to the Final Office Action mailed November 14, 2006 in regard to the above-identified patent application. A previous response to the Final Action was filed, but did not lead to allowance of claims (Advisory Action dated March 9, 2007). The previous response presented further argument without amendment of claims. The present response includes an amendment of the independent claims to carry forth suggestions of the examiner in an interview conducted with the examiner on March 8, 2007, and is being filed with an RCE. Reconsideration of the rejection of the claims is respectfully solicited in light of the following amendment and remarks.

Please amend the Application as follows:
